

Signal Bells

Made of cast brass with a highly polished finish. The size is determined by measuring the bell mouth opening.

370101	Bell,signal,cast brass 200mm	Pc
370102	Bell,signal,cast brass 300mm	Pc
370103	Bell,signal,cast brass 400mm	Pc

Hair-Hygrometers

Measures temperature, humidity, vapour tension and dew-point, mercury filled glass thermometer is attached

Temperature range: -25-40 C

Humidity scale: 0-100%

370266	Hair hygrometer(polymer) with mercury thermometer	Pc
--------	---	----

Azimuth-Circles

For mounted on the repeater compass. By means of a prism and reflection mirror, sunlight is projected in the form of a line on to the compass card through a slit, thus making it possible to observe the sun
